

A Symphony of Shapes

Design Meets Performance in Any Silhouette

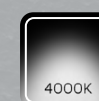

Clean Lines Modern Curves

Our collection of wall-mounted cylinders offers a trio of distinctive forms—circular, square, and sculptural hourglass—each designed to complement a range of architectural styles. With both direct and indirect illumination options, these fixtures not only elevate exterior facades but also create dynamic layers of light for a striking visual impact.

Slide the shell onto the fixture from below—its precision-fit design ensures seamless integration. Installation takes just a few minutes.

Soft Light. Bold Impact.

Our architectural wall cylinders bring distinct character to any space. The circular shape offers a soft, modern silhouette that blends effortlessly into clean interiors. The square form introduces clean lines and visual balance. The hourglass introduces a sculptural elegance, perfect for spaces that embrace bold, artistic expression. Each profile enhances architectural aesthetics in its own way, offering designers versatile tools to elevate interior and exterior environments.
