

AURA SERIES  
**MODERN REGRESSED  
POT LIGHT FIXTURES**

DEPTH  
THAT DEFINES

Use depth to draw the eye naturally, shaping an experience where subtlety and precision are balanced in perfect harmony. Depth doesn't just add dimension — it adds distinction, defining what deserves attention without overwhelming the space.

# NO GLARE, JUST FLAIR

Introducing the **AURA SERIES MODERN REGRESSED POT LIGHT** Collection: a refined offering of recessed lighting crafted for professional and architectural spaces.

Engineered with a distinctive, deeply set light source, the **AURA SERIES** minimizes glare and unwanted light spill, delivering precision beam control and elevated visual comfort. It is a thoughtful design approach that merges functionality with an understated elegance, transforming environments into beautifully illuminated, sophisticated spaces.

## RETAIL STORES & SHOWROOMS

Use minimized glare and controlled light beams to highlight products without washing out colors or meaningful textures.

## GALLERIES & MUSEUMS

Use the precise beam control of regress pot lights to illuminate artwork with minimal light spill.

## HIGH END RESIDENTIAL

Provide a polished look and maintain a cozy feel, especially when combined with dimming capabilities.

## HEALTHCARE FACILITIES

Make waiting rooms, hallways, and patient rooms softer by illuminating with non-invasive light.
