Installation for Quarter Arc Connector

<p>1 Take down the back covers of the arc connector and fixture.</p> 	<p>2 Slide the linear connector kit into the fixture and then link arc connector at another side.</p> 
<p>3 Use buckle to tighten the connection.</p> 	<p>4 Connect two sides wires with quick connector.</p> 
<p>5 Reinstall the back covers.</p> 	<p>6 Repeat the previous steps at each corner.</p> 
<p>7 Installation complete.</p>
